

June 19, 2025

Thank you for trusting CaroMont Health with your healthcare. We are writing today to inform you of an important change regarding CaroMont Foot & Ankle.

After careful consideration, CaroMont Health has made the decision to permanently close CaroMont Foot & Ankle effective Friday, July 11, 2025. This decision was not made lightly, and we want you to know that our primary concern is ensuring your care continues without interruption.

CaroMont Health made this decision to focus resources on core services like primary care, surgery, oncology, and cardiovascular care. Foot and ankle services are well-represented in our community by established independent providers who offer high-quality care, which allows CaroMont Health to concentrate on areas where they can make the greatest impact.

If you have an appointment scheduled before July 11, 2025: We will continue providing care through our closure date. Please keep your scheduled appointment or contact our office at 980.834.7300 if you need to reschedule.

If you need care after July 11, 2025: We will help you transition to another qualified podiatrists in our community. Our area has several excellent providers, including those at Gaston Foot & Ankle Specialists, who are prepared to continue your care.

Transferring your medical records: Your medical records will remain secure throughout this transition. If you would like to transfer your care to a provider outside of the CaroMont Health network, you may complete a records transfer request form to have your records sent to any provider you choose. With your signed authorization, we can transfer your records directly to your new provider to ensure continuity of care.

We understand this news may be unexpected and want to assure you that we are committed to making this transition as smooth as possible. Our staff is available to answer any questions you may have and to assist you in finding excellent ongoing care.

In closing, we thank you for choosing CaroMont Foot & Ankle for your medical care. Dr. Lanier, Dr. Cane and the entire care team are grateful for the opportunity to have served you, and we offer our full support during this transition.

Sincerely,

The Care Team at CaroMont Health
