CaroMont Regional Medical Center-Belmont
Celebrates Two Weeks of Caring for Our Community

Since welcoming the first patients on January 8, 2025, care teams at CaroMont Regional Medical Center-Belmont have worked hard to ensure every person who enters the new hospital receives compassionate, exceptional and highly reliable care.

Here are some of the highlights from the first two weeks:

631	**133**	**93**	**1,059**	**27**	**9**
Patients seen in the Emergency Department	Patients admitted to the hospital	Patients discharged from the hospital	Imaging studies completed	Surgeries performed	Babies welcomed

There's no doubt that the new hospital will continue to grow with the community and support CaroMont Health as a thriving regional health system. Thank you again for all you did to support the planning, construction and activation of the new hospital.

First Baby Delivered at CaroMont Regional Medical Center-Belmont

On the afternoon of January 8, Caroline and Taylor Cleveland packed their bags and made their way to the hospital to deliver their first child. With winter weather in the forecast, the Birthplace at CaroMont Regional Medical Center in Gastonia was a busy spot, so care teams worked with the Cleveland family to schedule their delivery at the new hospital.

Less than 24 hours later, Sophia Grace Cleveland became the first baby born at CaroMont Regional Medical Center-Belmont. She arrived just in time to see her first snowfall and enjoy a quick visit with Chris Peek, President and CEO, and Beth Canipe, Chief Nursing Officer, who stopped by to congratulate her parents and celebrate the mark she made on the history of CaroMont Health.

Proud parents, Caroline and Taylor, shared that the care they received was nothing short of amazing, and they will never forget what a special experience it was to deliver their baby at the new hospital.
