CaroMont Health Medical Pavilion Opens in Belmont

FACILITY AT-A-GLANCE:

100k Square Feet

8 Medical Practices

4 Floors

1 Ambulatory Surgery Center

After more than three years of extensive planning and construction, the CaroMont Health Medical Pavilion is now open at 2000 CaroMont Parkway in Belmont. Dedicated to individualized and specialty patient care, the medical complex is the first facility to open on CaroMont Health's new campus.

CaroMont Regional Medical Center-Belmont is expected to open in January 2025.

Belmont Surgery Center

The Belmont Surgery Center welcomed its first patients in late August, offering a comprehensive range of outpatient surgical procedures. The highly skilled surgical team is dedicated to ensuring patient comfort and safety while delivering high-quality surgical care in a state-of-the-art ambulatory center. The Belmont Surgery Center is a partnership with CaroMont Health, Carolina Orthopedics & Sports Medicine, Neuroscience and Spine Center of the Carolinas and OrthoCarolina.

Encompassing 14,000-square feet on the first floor, Belmont Surgery Center provides outpatient spinal surgery, orthopedic surgery, total and partial joint replacement, and pain management.

COMING JANUARY 2025

CaroMont Breast Imaging Center

Featuring state-of-the-art technology, CaroMont Breast Imaging Center will enhance access to important screenings and diagnostics. Services include mammography, ultrasound and bone density scans. Conveniently located on the first level, the space was designed with patient care and comfort in mind, featuring thoughtful finishes, natural light and a welcoming atmosphere.

CaroMont Heart & Vascular

CaroMont Heart & Vascular has relocated their Cramerton office to the Medical Pavilion. With a team of expert cardiologists and cardiovascular, thoracic and vascular surgeons, the clinic is an extension of CaroMont Heart & Vascular, headquartered in Gastonia, and offers comprehensive cardiovascular care.

CaroMont Pulmonary Medicine

With a team focused on the treatment of illness and disease of the lungs and respiratory system, CaroMont Pulmonary Medicine in Belmont offers a unique opportunity for collaboration with other complementary specialties. Patients will enjoy the convenience of the new location along with the expert care they know and trust.

CaroMont Surgical Associates

Providing the latest in general, laparoscopic and robotic surgery, CaroMont Surgical Associates patients have convenient access to both CaroMont Regional Medical Center-Belmont and the new Belmont Surgery Center, ensuring seamless navigation from initial visit to post-operative check-ups.

CaroMont Breast Surgical Specialists

The providers at CaroMont Breast Surgical Specialists are highly specialized surgeons that manage a wide variety of breast health services. With easy access to secondary services, such as imaging, diagnostic testing and surgical access, CaroMont Breast Surgical Specialists are committed to supporting their patients every step of their unique journey.

Third Floor

COMING IN 2025

The third floor of the Medical Pavilion is still under construction and will house additional specialty clinics.

Fourth Floor

CaroMont Women's Health

CaroMont Women's Health has relocated their Belmont office to Suite 400 in the Medical Pavilion. Offering comprehensive gynecologic and obstetrical care, the physicians and providers at CaroMont Women's Health provide expert care for patients in all stages of life. The new clinic is designed to create a calming atmosphere, optimized for privacy, featuring spacious exam rooms and separate waiting areas. CaroMont Women's Health physicians and providers see patients five days a week in the new office.

Maternal-Fetal Medicine

Sharing space with CaroMont Women's Health, Maternal-Fetal Medicine provides expert care for expectant mothers who are navigating high-risk pregnancies. The shared location on the fourth floor was intentionally designed to optimize convenience for mothers who need to be seen regularly in both offices. Maternal-Fetal Medicine in Belmont sees patients on Fridays in the Belmont office.

Want to see the new hospital before it opens?

Join leaders from the project team and fellow employees for a first look at the new hospital.
